Vellore Institute of Technology

Bachelor of Technology – Computer Science / IT

2024–2025

Bhopal, Madhya Pradesh

- CGPA: 8.72 / 10.00

EXPERIENCE

Redynox

MERN Stack Developer Intern

Month 2026 Feb-Mar (1 Month)

Remote

- Built and deployed full-stack web features using MongoDB, Express.js, React, and Node.js.
- Developed RESTful APIs and integrated them with the React frontend for seamless data flow.
- Collaborated with senior developers to resolve bugs and optimize application performance.
- Worked with Git and GitHub for version control and followed agile development practices.

PROJECTS

Online Trading Platform | Tech: MongoDB, Express.js, React, Node.js, JWT

- Developed a full-stack stock trading simulation platform supporting real-time portfolio management for 100+ users.
- Implemented secure JWT-based authentication and role-based access control for traders and admin users.
- Built interactive dashboards with live price charts using Chart.js and RESTful APIs for market data integration.
- Used Docker for containerization and deployed the application with CI/CD pipeline via GitHub Actions.

Smart Waste Management System | Tech: MongoDB, Express.js, React, Node.js, IoT APIs, MapBox API

- Engineered a real-time waste monitoring platform integrating IoT sensor data to track bin fill levels across 50+ locations.
- Designed an interactive dashboard with Google Maps API to visualize waste collection routes and optimize pickup schedules.
- Reduced manual monitoring effort by 40% through automated alerts and smart scheduling algorithms.
- Implemented RESTful APIs with Express.js and secured endpoints using middleware authentication.

Task Manager App | Tech: MongoDB, Express.js, React, Node.js, Postman

- Built a responsive MERN stack task management app with CRUD operations, user authentication, and priority tagging.
- Tested all API endpoints using Postman ensuring robust backend performance and error handling.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript ,HTML5, CSS3

Frontend: React.js, HTML, CSS, Bootstrap, Tailwind CSS

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, MySQL

Tools & DevOps: Git, GitHub, Docker, Postman, VS Code

ACHIEVEMENTS & CERTIFICATIONS

- Completed 1-month **MERN Stack internship at Redynox**, delivering production-ready features.
- Completed **Deloitte Australia Cyber Job Simulation** – gained hands-on experience in cybersecurity threat analysis and incident response.
- Earned the **Fundamentals of AI and ML** certification from Vityarthi gaining foundational knowledge in Artificial Intelligence .

SOCIAL ENGAGEMENTS

- Active open-source contributor on GitHub – maintaining MERN stack project repositories.
- Mentor and peer tutor in college coding club, helping juniors learn web development fundamentals.

HOBBIES

- Problem Solving – Passionate about solving algorithmic challenges and logical puzzles.
- Cricket – Enthusiastic cricket player and follower of the sport.

LANGUAGES

- Hindi – Native | English – Proficient
